ABOUT ME

Hi, My name is Israel Oluniyi, I am a self taught front-end developer. Aside front end development, I have an interest in Artificial Intelligence (AI) with a particular focus on Game developmet, and Server development. At a personal level, I am a man of few words with a reserved, dedicated, and open-minded personality.

WORK EXPERIENCE

2017 - 2019

From my home.

Online Game Topper/Gift card merchant

I started a Business with an Online game called Free Fire. I convert real curenry to game currency for a small fee.

January 6, 2022 - May- 14, 2022

High Grace International School

Computer Teacher/Typist

Beginning of an exciting career in teaching. Meeting new people and collobarating with a great team of employees.

Working on grooming children together and helping each other grow. Quite excited to begin a career in teaching
